1. CARDICIS IDENTITY

"¿en cuál idioma habla Ud.?"...

"quelle langue est ce que vous parlez?..."

"Con todo lo que hemos trabajado y me voy menos cansado que cuando llegué..." Taran.

"what language do you speak in?"

Gillian: "¿Hacia qué se dirige esta estrategia?"
Gillian: "¿La caja qué se dirige esta estrategia? ¿Quién la va a implementar? ¿En qué margen de tiempo?

Daniel: Participo simultáneamente de la reunión mientras redacto una nota para Mística.

Adama Samassekou: "...préserver la vitalité et la richesse de la diversité culturelle et linguistique.... Pour ce faire, il est urgent de « capacité » les acteurs de base, dans leur propre langue, pour leur permettre de s'approprier les innovations technologiques et développer leur génie créateur!"

Pedro Ureña: "Ce n'est pas le média mais l'appropriation des contenus qui fait le changement, la domination ou l'assujettissement des êtres et des groupes humains."

Senaida: "...Esta región ha realizado una de las más importantes revoluciones del mundo: la revolución haitiana de 1804. Cuántos caribeños/as estamos orgullosas/os de ese evento? Para cualquiera francés/a (y para muchas otras personas en el mundo), la revolución francesa es notre grand fierté. Hagamos de la revolución haitiana nuestro gran orgullo más, construyamos sobre el abono de las hojas secas, en ellas tenemos el registro del trabajo realizado y de lo experimentado al hacerlo".
“Soy ahora un ser mucho más ancho desde la caribeneidad.”

“How so many strangers could develop such a strong sense of common purpose so quickly?”
“Hay un pequeño mundo roto por el lenguaje y el mar, y hay un supraespacio donde la unidad es necesaria y posible. De eso se trata CARDICIS. “

“How come it was able to come to life as necessary and lie dormant in between?”

“Il ne faut pas que la région soit noyée ou absorbée par la globalisation. “

“Les TIC offrent le meilleur moyen à la Diaspora d'être "proche" à distance. “
“I have a greater sense that I might be able to do something about the things that concern me: empowerment 😊 ”

“ Je pense maintenant que des réunions avec autant de participants, dans des codes culturels différents, peuvent être efficaces, arriver à quelque chose... ”
